

Google Forms Outline

[Link to course materials](#)

Click [here](#) to get a copy of the form I will be using today so we can work together. My goal is to work through a few examples and then give you time to create something specific for your situation.

Formatting Responses

Phone numbers - Show example in description

Short Answer

Regular Expression

Matches

[1-9][0-9][0-9]-[1-9][0-9][0-9]-[0-9][0-9][0-9][0-9]

Check Format

Email addresses

Autofill Answer Choices

Shirt Sizes

Duplicate Sections

Ex. individual parent contact info, multiple students in one family

Questions?

Think of something you can use a form for in your program. Get started on it and I will come around to help you. There are more resources available in the Google folder listed above in Course Materials.

Don't be afraid to experiment! You can always undo. If you forget or get stuck, don't hesitate to contact me.
